CONSTRUCTION TO BEGIN ON ALL AMERICAN FREEWAY

FORT BRAGG, N.C. – Beginning Monday, Dec. 15, work will begin on a new access control point on the All American Freeway. The existing access control points on Gruber Road, Reilly Street and Zabitosky Road will continue to operate on a normal schedule.

Construction on the All American Freeway will be limited to the area from the southern post boundary to Reilly Street. Completion is scheduled for summer 2005.

Construction will include road widening, canopy placement, approach lighting, guard booths, a vehicle search area, visitors' center and parking area.

Motorists are advised to use caution when traveling on the All American Freeway, reduce speed and be aware of caution signs until the construction is complete.
